## sculpture network New Year's Brunch 2012 (nyb'12)

### A celebration of Contemporary Sculpture in Europe – A Networking Opportunity

*Sculpture lovers meet simultaneously in 43 venues all over Europe*

**Sunday, 15 January 2012**

In January 2011 over 800 people met to celebrate sculpture at the 2nd **sculpture network New Year's Brunch**. 24 separate venues in 9 countries were simultaneously connected via video live streaming and Skype. In the wake of this grand success, **sculpture network** now extends an invitation to its 3rd European-wide New Year's Brunch. **nyb`12 will take place on the 15<sup>th</sup> of January 2012, from 11:30.**

This European day for contemporary sculpture, promotes and facilitates connecting people. Networking from local to national to international and from the individual to institutions. New Year's Brunch takes place in artists' studios, galleries, museums and cultural institutions – inspiring places for art lovers.

**nyb'12** promise to outnumber 2011's edition: 43 different venues in **fifteen countries** have already registered as hosts (Austria, Belgium, Croatia, France, Germany, Italy, Poland, Netherlands, Great Britain, Portugal, Spain, Sweden, Switzerland etc.) .... and registrations still coming in.

Guest or Host: *sculpture network's* invites not only its near 1.000 members, but also any friend of the arts interested in networking and celebrating sculpture to participate: curators, collectors, art dealers, artists, other professionals and the general public.

Each venue designs it's own program within the framework set out by *sculpture network*: including artists' showrooms, exhibitions, installations, discussions, talks and last but not least an array of local food specialties and drink with which toast and make merry.

*sculpture network's nyb* is an open invitation to an innovative and interactive event for pan-European networking, within the community of three-dimensional art in Europe.

Please check our [WEBSITE](#) for detailed list of event locations and the individual programs.
